They are established for different purposes and have separate jurisdictions. Together, they make one whole and furnish the People of the United States with a complete government, ample for protection of all of their rights at home and abroad. It may sometimes happen that a "person" is amenable to both jurisdictions for the same act. It is the natural consequence of a citizen which owes allegiance to two sovereignties and claims protection from both."

The citizen cannot complain because he/she has voluntarily submitted themselves to such a form of government. The opinion in this case is 100% correct as long as one is referring to the People of the United States.

Not me or anyone from my family is of the UNITED STATES. We are of God, the Almighty Creator.

Let it be clear that a People is not a person, and a person is not a People. True sovereignty is within the People who have all private rights, but citizens, on the other hand, are subjects (by their own voluntary choice) of the state government and of local and federal government corporations in exchange for privileges and civil rights.

Let it be clear that I am not a person / citizen / employee / subjects of any corporation which cannot, under color of law, act as a lawful government. Let it be clear that we have only one Sovereignty, and that Sovereignty is God.
